

Attention elementary teachers and daycare providers!

FREE Workshop!

Growing Up WILD™

Growing Up WILD: is an early childhood education activity guide that builds on children's sense of wonder about nature and invites them to explore the world around them. Through a wide range of activities and experiences, it provides a foundation for developing positive impressions about nature while also building lifelong social and cognitive skills.

Growing Up WILD's activity guide:

- Is for educators of children ages 3-7.
- Features 27 hands-on activities.
- Includes crafts, art projects, music, science, reading and math connections.
- Involves social, emotional, physical, language, and cognitive domains to help foster learning and development in all areas.

May 20th, 2013
6:30 pm - 9:30 pm
Holt County Annex

Participants will receive:

- Growing Up WILD Activity Book
- Additional resources to help engage students in nature
- Knowledge and skills of Nebraska Wildlife.
- Snacks and Prizes!
